KATHLEEN STURBA

I've been with Royal LePage since April of 2007. My background is in banking and 15 years as a business manager at local and county dealerships secured a solid foundation for the decision to become a full time real estate agent. I've also had a lot of help from my husband Greg Barlow who has been a realtor for over 20 years. Thus far it has been a great career move. I am constantly working on my business with the goal of expanding into a team that will provide clients with the best service available.

I've always enjoyed meeting new people and helping them with major purchases and fulfilling their goals. I believe that Windsor and Essex County is a fantastic place to live. We have over 100 miles of waterfront property. We have one of the best climates in Canada and we get to enjoy all 4 seasons. We have world class wineries, top notch entertainment facilities now that Caesar's Windsor is offering shows, and we have fabulous restaurants that offer gourmet food from around the world. For those who enjoy the outdoors we have 16 conservation areas, wonderful parks, nature and fitness trails. It is a clean, safe place to live. Being a border city, we also can take advantage of all of the amenities across the river.

Everything is cyclical, including the economy. Don't miss the opportunity to invest in this great area. Prices are the best in the nation and interest rates are still at all time lows.

Whether you are selling your home, buying a new one or relocating my number one priority is to make your move an educational, fun, positive experience
